

IN THE EVENT OF INCLEMENT WEATHER DURING THE WINTER MONTHS,

we will post any changes in our Sunday schedule on WLOS - TV (channel 13) in Asheville. In all cases we will practice SAFETY FIRST, in considering both the driving and the walkways leading to and from the church building. We urge each of you to consider both your safety and that of others, too, in traveling in hazardous conditions.

Stephen Ministers: All Stephen Ministry evening activities (continuing education sessions, peer supervision groups, or training classes) will be cancelled if the Transylvania County School System cancels classes for the day. If the TCSS is not in session, please call one of your Stephen Leaders or the church office for information, or check your email.
